

## AOChem Home-Visit for Cancer Patients

A Revolutionary Approach to Holistic Healing and Immune System Restoration

By Dr. Msomi | Umlazi, Durban

---

---

### Treatment is for:

- Skin-cancer Patients
- Blood-cancer Patients
- Womb-cancer patient
- Throat-Cancer Patients
- Tongue Cancer Patients
- Stomach-cancer Patients

---

---

### SKIN-CANCER TREATMENT

#### How Treatment is Prepared and Conducted

**Step 1** – The patient is required to drink 165ml of the AOChem Multi Nutritional Tea, this is to activate the skin pores to open-up and to also notify the bile that: “help has arrived’, which automatically triggers the pancreas and appendix. The 3 organs mentioned control the immune-system function, so basically the AOChem tea kick-starts the immune system and floods it with nutrition immediately (starts cleaning, reproducing, purifying, reinforcing, enhancing stem-life in the body). The Bile, Pancreas and appendix issue out an instruction to the stem-cells that:” we need to start recovering NOW! Because we are receiving enough vitamins, all 13 of them, 9 amino acids required by the cells, electrolytes which act as radiation to eliminate and stop the bacteria from spreading without Chemotherapy”. AOChem believes in analyzing the situation((Bacteria), controlling the situation and DOMINATING the situation.

**Step 2** - AOChem prepares a HOT/warm bathtub filled with the AOChem Nutritional Bathing-Tea, I note:” THIS TREATMENT GOES DIRECTLY TO THE SKIN, where the problem has been identified”. The patient soaks themselves in the nutritional AOChem bathing Tea. It’s kept at a nice and hot temperature (tolerable to the patient) ...Treatment needs to be comfortable to the living-organism in order to initiate the healing-journey successfully. This method starts attacking

the bacteria from externally to internally with the use of herbs that also assist open the skin-pores, which then allows the nutrition to enter. We also apply AOChem laxative oils on the facial-area of the patient and we cover both eyes with the AOChem infused-Patches (This is to assist the patient to relax, it's really therapeutic). We also encourage patients to put on some soft music or meditation-music but its optional.

**Step 3** – After 45 minutes to an hour, the patient jumps out of the bathtub filled with AOChem Nutritional-Bath-Tea. The AOChem Nutritional skin-spray is then sprayed all over the body of the patient and when the spray has dried up, AOChem oils are applied on the entire body.

**Step 4** – The patient gets dressed and drinks 165ml of the AOChem Multi-Nutritional Tea and THAT'S IT.

**NB:** Treatment is continuously conducted until patient starts feeling better. Such treatments require doctor & patient communication to be open. (Progress report)

---

---

### PRICING STRUCTURE: SKIN & BLOOD CANCER

Normal bathtubs take 150 - 250 litres of water, but AOChem treatment only needs 150 litres of water in your bathtub, which is then mixed with 15 litres of CONCENTRATED AOChem Nutritional Bath-Tea.....

- **15 Liters of Concentrated AOChem Nutritional Bathing-Tea – R2000**

#### Medication Calculations:

- **Patients diagnosed 1 - 12 months:** 2 weeks' worth of medication:
  - Concentrated AOChem bath-Tea x 14 days (210 Liters) = R28,000
  - Support Kit (3 oils + 3 sprays + 1 pack patches + 5L Tea) = R4,000
  - **TOTAL: R32,000**
- **Patients diagnosed 13 months and above:** 6 weeks treatment (42 days):
  - 15 litres AOChem bath Tea x 42 days (630 Litres) = R54,600
  - Support Kit (8 oils + 8 sprays + 1 pack patches + 10L Tea) = R9,000
  - **TOTAL: R63,600**

*NB: Treatment is conducted every day.*

## DID YOU KNOW?

### Shingles? Have you ever seen someone with shingles on their skin??

Shingles operate the same way as cancer-bacteria but one is faster and the other is stronger. Shingles multiply quicker because they are directly exposed to sun-light, sun-light induces life, circulation, growth and reproduction (Photosynthesis) in living-organism including bacteria, so the shingles grow at a rapid rate because there's just enough energy for the bacteria to multiply quicker.

In a nutshell, "cancer is like shingles but in the interior-body, cancer grows at a slower rate than shingles because there is less exposure to Sun-light (Vitamin D) but cancer is denser, it moves in groups and causes more damage. The more cells it captures and contaminates, the stronger the cancer becomes.

---

---

## BLOOD-CANCER TREATMENT

### (Leukaemia, Lymphoma, and Myeloma)

- **Step 1-** Patient is required to drink 165ml of the AOChem Multi Nutritional Tea, AOChem oils are the applied in the facial area, the head area and AOC-Patch is placed on the head and eyes area.
- **Step 2-** Patient is required to soak in a Bathtub filled with AOChem Bath-Tea for 45 minutes to an hour.
- **Step 3** – Patient is required to jump out the bathtub and dry up.
- **Step 4** – Patient is then sprayed with AOChem Skin-Spray.
- **Step 5** – Patient is required to dress-up and drink 165ml of AOChem Multi Nutritional Tea.

---

---

## WOMB-CANCER TREATMENT

### How Treatment is prepared & Conducted

- **Step 1** – Patient is required to drink 165ml of AOChem Multi-Nutritional Tea.
- **Step 2 – Vaginal douching** – The AOChem Nutritional Tea is inserted into a smaller-volume size traditional enema(100ml), the AOChem Nutritional tea is then inserted

directly into the vagina, AOChem seeks to go directly to the identified problem and in this case is the womb. Some of the fluids wash back out. (Done twice a week e.g., Monday and Sunday pending on Progress report from the patient).

- **Step 3** – AOChem Oils are then applied on the Vaginal-Clitoris and vaginal-mouth/ opening. (Done by an AOChem Trained Female Professional or by the patient themselves, for comfortability reasons). Applying of Oils should be done 2 times a day.
- **Step 4**- Patient is then sprayed all around the torso area (back, sides, front) and AOChem oils are then applied around the torso, covering the lower back, hips, Abdominal area and inside the belly button.
- **Step 5** – AOChem-Patches are then placed on the womb area and lower-back area then wrapped up with a bandage. Keep it on for 8-12 hours.

The wombs primary focus is to store, carry, provide and protect and for those reasons the womb is very sensitive, right?? The womb has “Storage-Characteristics”, meaning there should be enough oxygen and nutrition. The downside about the womb is that it cannot differentiate what you feed it, meaning if you consume toxins e.g., Processed foods and medications, the womb stores exactly that because it’s the wombs’ function amongst others.

**“You are what you Eat”.**

The rate of womb-cancer patients will increase for as long as metallic-chemicals are still used to process food and medication. I repeat,” THE WOMB IS SENSITIVE”. Rodger that??

**Pricing for Womb Cancer:**

- **Diagnosed 1 - 12 months (3 weeks treatment):** R19,400
- **Diagnosed 13 months+ (3 weeks treatment):** R19,400

---

## **THROAT CANCER TREATMENT**

- **Step 1** – Patients’ face is sprayed with the AOChem Nutritional Skin-Spray to set the foundation.
- **Step 2** – AOChem Ease All spray is then sprayed directly into the nose, ears, on the tongue, below the tongue, sides of the mouth and Mouth-Roof Top.
- **Step 3** – Drops of AOChem oils are inserted in the ears, nose and below the tongue.

- **Step 4** – If the client is still able to drink liquids, we then require 165ml of AOChem Nutritional Tea to be Drank. If the patient is unable to drink the AOChem nutritional tea, we then opt for the Tradional enema route.
- **Step 5** – AOChem oils are then rubbed smoothly on the neck area, AOChem Patches are then placed horizontally on the neck and a bandage is applied.

Tonsils play a very vital role in the health of the throat and overall wellness of the body, tonsils manufacture saliva, cleans the saliva and issues it out. We need the Tonsils to be filled with nutrition in order for the tonsils to manufacture and produce clean nutritional saliva to the body.

---

---

### TONGUE-CANCER TREATMENT

- **Step 1** - Patients' face is sprayed with the AOChem Nutritional Skin-Spray to set the foundation, Patient is to drink 165ml of AOChem Tea,
- **Step 2** - AOChem Ease All spray is then sprayed directly into the nose, ears, on the tongue, below the tongue, sides of the tongue, sides of the mouth and Mouth-Roof Top.
- **Step 3** - Drops of AOChem oils are then dropped below the tongue, on the tongue, inside the ears and nose.
- **Step 4** – A small Piece of AOC Patch is placed below your tongue and should be kept for 10-15 Minutes.
- **Step 5** – Patient drinks 165ml of the AOChem Nutritional Tea.

The tongue communicates heavily with the bile and the bile plays a vital role in the functioning of the body," HE WHO CONROLS THE BILE, WILL CONVINCED THE PANCREAS AND WIN THE APPENDIX", and that's how you dominate the war to recovery and health.

---

---

### STOMACH-CANCER TREATMENT

- **Step 1** – Patient drinks 165ml of AOChem Nutritional Tea.
- **Step 2** – Patient lays on their back and their stomach/abdominal area gets sprayed with AOChem Nutritional Skin Spray.

- **Step 3** - AOChem oils are applied directly in the belly-button and on the stomach. A tummy massage with the oils is then conducted.
- **Step 4** – AOChem-Patch is then placed on the stomach area and wrapped with a bandage for 8 – 12 hours.
- **Step 5** – The patient drinks 165ml of AOChem Nutritional Tea.

**The mechanism explained:**

When you consume something e.g., food. The food goes down the throat and past the bile. The bile automatically splashes the food with its bile-juice. When the bladder-capacity is full, the pancreas releases pancreas-juice. When the bladder releases the rotten food, the appendix kicks-in and releases a VERY VERY potent 'Appendix- juice' which burns the food entirely ensuring it leaves through the back (exit door) smoothly.

---

---

**BREAST-CANCER TREATMENT**

AOChem offers AOChem Nipple-cups that come from the Banana blossom-cover but they are first infused with other AOChem nutritional products like the oils. The aim is to get nutrition penetrating through the nipple -hole and directly to the cancer formation(iziGaxa).

**Treatment required:**

- AOChem Nip-covers
- AOChem Oils
- AOChem nutritional tea
- AOChem nutritional Bath Tea
- AOChem skin-Sprays
- AOChem bathsalts

---

---

**PROSTATE-CANCER (ENLARGEMENT) TREATMENT**

The prostate survives on nutrition because it acts as the mid-fighter for the entire shaft-mechanism.

Ancient methodologies are against inserting tubes in the mouth of the penis or pills in the anus. WHY?? Answer: from the anus to the prostate or womb, there is a very vital manager called the **appendix** which must NEVER be irritated because it will mess you up in seconds or minutes. In a dream, my grandpa said "Siya, only advise patients to insert nutrition via the back-exist(anus) ONLY if it is an emergency... it is vital that the anus remains SHUT at all times because it works as an emergency-exit door."

---

---

### THE PRODUCT TESTING AND TESTIMONIAL PHASE

I think this is a very important phase for any business because that is where the proper motivation comes from. Hearing patients complaining that they have spent so much money on shelf, hospital treatment and only to get worse. I honestly saw this as a chance to find a gap in the market because AOChem medication works and is affordable(proven).

#### INTERESTING FACTS:

I realized that this business can contribute to the GDP of South Africa tremendously because it can create employment, treatment can be sold to other countries(exporting). South Africa is in an economic crisis, so the ability to trade treatment to other countries can be great for our economy. 100 percent Natural Treatment.

---

### CLINICAL NOTES ON SKIN SORES

- **AOChem All in one oil**- Applied on the sore to get the skin-cells to recover.
- **Good-Dose of AOChem Tea**- To initiate recovery from internally.
- **AOChem infused Patches**- Made from special leaves high in Potassium for quick recovery.

Sores that erupt randomly can be caused by Nutritional deficiencies e.g., Lack of Fiber, magnesium, Vitamin C and K. When there is no operation or movement in the veins, the veins dry off and rot. Body builders too, that use too much gear(steroids), get stretch-marks which are a visual indicator the body is stretching way above restriction. This suffocates the veins and contaminates the blood.

## CONTACT & CONSULTATION

Chronically ill patients eventually will need to meet with Dr Msomi just to properly talk about that disease that's eating your life away. Dealing with sickness requires you to have an idea of the time-frame of the illness.

**Location:** Umlazi (D Section), Durban.

**Address:** Umlazi D1284

*Courier options available.*

## "A Petrol station for anti-aging treatment"- AOChem nutritional Ice-Bath.

### Conclusion:

Anything that is kept frozen adds shelf life to a product(preserves). The AOChem nutritional Ice-Bath is just a pure bliss for the stem-cell life longevity.

**Thank you for reading.**

**Welcome to Art of Chemistry.**
