

# PRIVACY POLICY

**Effective Date:** 22 March 2026

At **AOChem**, we believe that we are all part of nature. Our philosophy is simple: if it has stem cells, AOChem is designed to support and repair it. From the smallest hamster to the largest livestock, from the newborn infant to the honored pensioner, and from the garden crop to the ancient tree—we respect the biological integrity of all living things.

Just as our products are 100% natural, free of chemicals, and free of steroids, we believe your personal data should be handled with the same purity and respect. This Privacy Policy explains how we collect, use, and protect your information when you visit our website and purchase our ancient-wisdom-inspired boosters.

## 1. The Information We Collect

In our mission to bring ancient healing to the modern world, we collect certain information to ensure your products reach you safely:

- **Personal Identification Information:** Name, email address, phone number, and shipping address.
- **Payment Information:** To process orders for our chemical-free products, we use secure third-party payment processors. We do not store your full credit card details on our servers.
- **Usage Data:** Information on how you use our website, which helps us understand the demand for natural healing across the globe.

## 2. How We Use Your Information

We use the information we collect to maintain the harmony of our service:

- **To Deliver Nature:** To process and ship your orders for AOChem products.
- **To Communicate:** To send you updates about your order or to share ancient wisdom regarding hormones, vitamins, and natural health (only if you opt-in).
- **To Improve:** To analyze website traffic so we can better serve the increasing demand for natural, steroid-free boosters.

## 3. Protecting Your "Digital Stem Cells"

We treat your data with the same care we treat a living organism. We implement a variety of security measures to maintain the safety of your personal information. We do not sell, trade, or otherwise transfer your personally identifiable information to outside parties, except for trusted third parties who assist us in operating our website and conducting our business (such as delivery couriers), so long as those parties agree to keep this information confidential.

#### 4. 0% Chemicals, 100% Transparency

Just as our products contain NO chemicals and NO steroids, our data practices are transparent.

- **Cookies:** We use "cookies" to enhance your experience. You can choose to turn off cookies in your browser settings, though some parts of our site may not function perfectly without them.
- **Third-Party Links:** Occasionally, we may include links to natural health resources or ancient history studies. These third-party sites have separate and independent privacy policies.

#### 5. Children's Privacy

While AOChem products are safe for infants and every living organism, our website is intended for use by adults. We do not knowingly collect any personal information from children under the age of 13 (or the relevant legal age in your jurisdiction) without parental consent.

#### 6. Your Rights

You have the right to:

- Access the personal data we hold about you.
- Request that we "repair" or correct any incorrect information.
- Request that we delete your data from our system.

#### 7. Consent

By using our site, you consent to our privacy policy. We believe in the ancient way—where trust was the foundation of the community. We strive to honor that trust in everything we do.

#### 8. Contacting AOChem

If there are any questions regarding this privacy policy, or if you wish to learn more about how we use natural herbs to boost vitality without affecting the balance of nature, you may contact us at:
